Skboot Bag

From \$189

THIS Aussie-designed unit is more gear than gadgetry but I couldn't pass up the chance to review such a great product.

Stylish and compact, it is designed with jet-setting snow sport enthusiasts in mind, with sturdy wheels and telescopic handle. There's also enough room for clothing and

accessories, with six storage compartments, including the main ski boot storage area, laptop sleeve, fur-lined goggle pouch and wet storage bag. www.skboot.com or (07) 3394 8404

Overboard Multi-Purpose Case

From \$29.95

EVERYONE knows the importance of keeping things together and dry when

out in the damp outdoors and it's easy to see why this case is one of Overboard's biggest sellers for its European skiing customers. In addition to the waterproof function, it's perfect for your cards, keys and some cash for the visit to the bar when you're finished

boarding, skiing or stomping around in the snow. Pop into the Overboard website to check out the other cool products.

over-board.com.au or (07) 5593 7799

iTrailMap 3D ski and snowboard trail maps

\$5.99

THERE are two versions of the clever iTrailMap – the standard (free) version and the 3D interactive version. iTrailMap 3D mixes trail maps with GPS tracking and interactive 3D maps.

Check out your location on the mountain by using iPhone 3G's built-in GPS receiver. After a day on the slopes, upload your tracks and view them on

Google Earth. The free version uses traditional-looking maps on iPhone for access on the slopes.

www.apple.com/itunes

Go Pro HD Naked Video Camera

\$395

COMPLETE with helmet mount, this camera can be secured to your head to

catch all the action on the slopes. Record up to 2 1/2 hours on a single charge and up to nine hours on a 32GB SD card (not included). The camera can also shoot five-megapixel photos at 60-second intervals. Just

press the shutter once at the start of the action. The camera comes with a quick-release HD housing that helps protect it.
